

AIS-Salzburg Dress and Style Code

AIS-Salzburg's dress and style expectations do not include a uniform. However, students are expected to meet standards of dress and style appropriate to the various situations in which they find themselves including academic hours in which academic attire guidelines are expected, leisure hours outside of classtime in which leisure attire and style is demanded, as well as occasional formal events in which formal attire is requested.

That all clothing and style is (1) appropriate for the weather conditions, and (2) modest and non-provocative are fundamental aspects of the AIS-Salzburg dress and style code. The administration reserves the right to interpret the spirit of the dress and style code in all cases whatsoever. Students and parents are expected to be familiar with this code before the school year begins and report in the fall with clothing and accessories which are within the guidelines.

Attire for Physical Education Class

All students must purchase and wear the school physical education uniform to physical education classes each Wednesday morning. Two sets of these uniforms are issued to all students at the start of the school year so that it should never be the case that the required uniform is in the laundry. Failure to appear in physical education class without proper attire is considered a dress code violation and results in a health point deduction.

All boarding students are required to deposit their physical education uniform (T-shirts and shorts) in the laundry on Wednesdays immediately following their return to the school and before classes begin. These must be marked clearly with the student's name. Laundered physical education uniforms will be returned after laundering in preparation for the next physical education classes the following week.
