

Elective Prescheduling Registration Form

AIS-Salzburg Students in Grades 9 through 12;

Below, please find information about the electives offered at AIS-Salzburg for the coming, 2024-2025 School year. All electives listed will meet during Period 6 of the regular, daily bell schedule. It is a school requirement to be registered in at least one elective course each year. If you choose one elective course, you will automatically be scheduled into a supervised study hall on the opposite days (either Monday/Tuesday or Thursday/Friday), depending upon when the elective course meets. It is possible to register for two elective courses if they meet opposite each other.

Look over the elective offerings for the upcoming school year and select the one (or two) electives that you would like to include in your academic schedule and fill in the boxes below. Since some elective courses are limited in size, the earlier you send in this form, the more likely it will be that you will be scheduled into your chosen elective(s).

Please note that if you are enrolled in physics for science in the 11th grade, your physics course will meet during Period 6 and no elective choices are possible.

Elective Course	Days	Instructor	Prerequisites
AP Calculus BC	Th/F	Lichty	Seniors in AP Calculus only
Drama / Theater Arts	M / T	Cerone	None
